

FREE WAYS TO GET INVOLVED AT

REACH

INTRODUCTION

Thank you for your interest in our grassroots NGO.

Being able to help doesn't necessarily mean you have to do it financially. We understand that many incredible people with huge hearts want to make a difference by supporting our cause, but a monetary contribution is not always possible.

This is why we want to introduce other equally valuable ways to help us continue with our mission of fighting against poverty by providing free integrated programs for over 100 families in need.

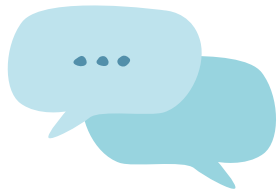

If you're not sure about what we do, before turning the page, we recommend you first learn about [who we are](#) and [what we stand for](#).

If you believe in our cause, we urge you to spread the word by talking about it with anyone and everyone who will listen.

WRITE A REVIEW!

If you have worked as a volunteer, know our programs, have visited our facilities, or if you are a regular donor, write it down!

Positive reviews encourage new people to become interested in positive causes like ours and to get to know us. Writing your experience on our [Facebook](#) page and [Google](#) help to increase trust for new, potential supporters.

We can't emphasize how important reviews are for building credibility and increasing our following.
